Agenda: What we were saying in January this year...

... is what we are still saying now

- 1. Patience will be a virtue in Q1**
- 2. Domestic recovery should start in Q2**
- 3. Get ready for the ketchup effect in Q3**
- 4. Long-term recovery begins in Q4**

Occupancy rising in three of five regions

Price of US summer rentals in the great outdoors surges

Travellers head for national parks, beaches and hiking destinations as vaccination rates rise

"We're seeing, and this is U.S. data, that as vaccine continues to 'move down,' bookings literally surge by age," he says. "First it was over 65s and now we're getting into 50s. And when you think about the trillions of dollars of savings that consumers have had banked in the past year they want to spend it on travel. People are calling it revenge travel and I've heard 'vaccinations.'"

Business travel will take time to recover ...

Europe, overnight arrivals by segment (business, leisure, total) % vs 2019
